Dear Mr. Berteau:

On February 25, 2011, we received the final piece of information for the panel.

Therefore, we approve the following model numbers for flow equalization control panels:

Duplex - IPC-D01, IPC-DCB, and IPC-DSF

Please be aware that these panels are subject to periodic inspections, and should units be found to be in noncompliance with the submission or Innovative Approval, then the approval may be suspended or revoked. Please feel free to contact me if you have any questions pertaining to this approval.
